TO LUMBER MANUFACTURERS AND DEALERS.

VALUABLE Property at private sale, situated on the Straits opposite Manitou Island, and on the Sheboygan River, containing about 18 000 acres of land, a large portion of which is heavily timbered with best quality of pine. The improvements on this property are, 1st —the village of DUNCAN, on the main land South Channel or pass is a large steam Mill, of modern construction, with Sid ng Machine, Shingle and Lath Machines, and capable of manufacturing fifty thousand feet of lumber in 24 hours, also, Hotel, Land Office, Store, and sundry dwelling houses and Smith shop The Sheboygan Steam Mill, on and near the mouth of Sheboygan River The Sheboygan Water Mill, one mile from the mouth, with dwelling houses, barns &c At Duncan a pier is erected, extending out to a sufficient depth of water to accommodate any vessel navigating the Lakes. This is admitted by navigators, by reason of the bay and Pier, to be the best Lake Harbor between Detroit and Chicago—it is a desirable Wooding and Coaling Point, being on the direct route for Propellers and sailing vessels. This property is desirable as a point at which a town must soon grow up, as the country back of it is fast filling up, for many miles, with settlers

The Sheboygan Water Mill has the entire power of Sheboygan River, a never failing stream of great volume, which never freezes, the depth at the falls of the river, is easily kept in repair This is the most valuable water privilege in the State of Michigan, north of Grand Rapids

To a company or individuals, desirous of entering into the lumber trade, this property offers rare inducements, with a certainty of greatly increased value in a very few years, and will be sold much below original cost, or present value, to close a concern

VOLUME XI. MILWAUKEE DAILY SENTINEL, MONDAY MORNING, NOVEMBER 17, 1856. NEW SERIES.

THE DAILY SENTINEL.

RUFUS KING & WM. H. WATSON,
PROPRIETORS,
Under the Name and Firm of Rufus King & Co.

MILWAUKEE:
Monday Morning, Nov. 17.

PROCLAMATION.

A year of general peace and prosperity is drawing to a close. During this period our young State has steadily advanced in her rapid career towards wealth and greatness. Her resources have received an ampler development. New avenues of trade and inter-communication have been opened, and a fresh impetus given to all departments of industry. Labor in all legitimate spheres of exercise has been bountifully rewarded. A generous harvest has filled the land with plenty, while health and happiness have prevailed within our borders. In the enjoyment of these temporal blessings, we should not be unmindful of of the Gracious giver of all good gifts, the manifold exhibitions of whose favor and guardian care, meet us on every hand, and, that we may express our gratitude for these benefits, I hereby appoint Thursday, the 20th day of November next, to be observed as a day of Public Thanksgiving and Praise throughout the State.

In testimony whereof, I have hereunto subscribed my name and caused the Great Seal of the State o

[L. S.] Wisconsin, to be affixed. Dated at Madison, Wisconsin, 30th day of October, 1856.

By the Governor, COLES BASHFORD.

Jno. W. HUNT, Asst Secretary of State.

The K. N. and Buchanan Allies.

The *News* of Saturday occupies a column in a labored effort to prove that the Know Nothings gave "aid and comfort" to the Republicans in the recent contest. The charge is not only untrue, but ungrateful. Having used the Know Nothing ladder to climb into power, the Buchaniers now propose to kick it down. But the K. N. organs have no idea that their services, in saving the Union and electing Buchanan, shall be forgotten. Here is what the New York *Express*, the great K. N. oracle, has to say on the subject:

The Democratic States of the North are:

Maine	Illinois
New Hampshire,	Wisconsin
Connecticut (often)	Iowa
Michigan	Pennsylvania
Ohio	Indiana

All but Pennsylvania and Indiana have gone over to the Abolitionists of the North—and Pennsylvania and Indiana were only saved from thus going *by the resolute action in these States by the friends of Mr. Fillmore.* New Jersey goes for Buchanan *only because of the like resolute action of Mr. Fillmore's friends. But for the American Party* Abolitionism would have swept every Northern State—and elected a "sectional and geographical" President.

"*But for the American* (K. N.) *party*," says the *Express*, Buchanan would have been defeated and Fremont elected. This is undoubtedly the fact. Wherever the Know Nothings thought their own chance hopeless—which was pretty much everywhere—they turned in to help the Buchaniers. In Pennsylvania, in New Jersey, in Indiana and in Illinois, the REPUBLICANS would unquestionably have carried the day, had it not been for the Know Nothing organization. That pestilent faction struck hands, if they did not hitch teams, with the Sham Democracy; and at the same time that the Buchanier organs, all over the North, were crying out "well," "well," and falsely accusing the Republicans of being in league with the K. N's, the Buchanier leaders were themselves secretly bargaining with the Know Nothings and freely contributing to support their presses, maintain their organization and stimulate their efforts.

An Absurd Fabrication.

We find in the last Mineral Point *Democrat*, the following remarkable invention:

HOW SIXTEEN HUNDRED VOTERS WERE DISFRANCHISED.—A day or two before election the abolitionist managers of the Milwaukee and Mississippi Railroad, came on from Milwaukee and changed the location of the men employed on that road in Iowa, Grant and Crawford counties—sending the Iowa county men into Grant county, the Grant county men into Crawford county, and the Crawford county men into Iowa county, almost to a man, Democratic, and thus disfranchising them all, and they were not entitled to vote. This game may account for the willingness of Mr. Washburn's friends in this and other places on the day of election to bet that he would have two thousand majority over Crawford.

To this circumstance is an apt commentary on the loud professions of political honesty and friendship for laboring men made by the leaders of the Republican party.

It is only necessary to remark, in answer to to this absurd story, that Mr. COOKE, the Contractor, and Messrs. BRODHEAD and MERRILL, the Superintendent and Assistant Superintendent of the M. & M. R. R., who have the management of the men employed thereon, are all staunch Democrats, and zealous Buchanan men. The idea, therefore, that they "changed the location" of sixteen hundred men, all democrats, a day or two before election, on purpose to disfranchise them, is preposterous on its face. Nor would this change, if made, have necessarily disfranchised those voters. If they were legally entitled to vote at all, they could do so in whatever county they were at work, and actually resided on the day of election.

It is but proper to add, that so far as we know, or have heard, no officer, manager or agent of the M. & M. Railroad, interfered in any way in the recent election. No doubt they all voted, as they had a right to do, but none of them, that we can hear of, attempted to use the employees of the Company, or to bring its corporate influence to bear, to affect the result.

GLORIOUS ILLINOIS.—Buchanan's majority already exceeds 12,000, and lots of Egypt to hear from. The *Sentinel, American, Free Democrat* and *Wisconsin* all yelped over the defeat of Douglass. But Illinois stands by her noble Senator.—*Portage City Badger State.*

If Mr. Douglas is satisfied, we are. When Moore, the Douglas-Nebraska candidate for State Treasurer, beat Miller, the anti-Nebraska candidate, by 2,900 majority, Douglas and his friends made it the occasion of a special rejoicing as an endorsement of their course. The contest grew close and furious, and Douglas grew defiant and saucy, as usual. He insisted on his friend Moore running again for Treasurer, and that Richardson, the leader in the House of Representatives in the infamous Kansas business, should be nominated for Governor; and he swore that "he would resign if Illinois did not endorse him."

Well! Moore is beaten for Treasurer by twenty thousand! and Richardson is beaten for Governor by 5000 or 6000! Will Douglas resign? That is the question.

MILWAUKEE AND WALWORTH.—The Wisconsin *Messenger*, published at Delavan, Walworth County, in acknowledging the compliments of the Milwaukee press to the Republicans of Walworth for their noble vote on Election day, thus speaks of our Republican phalanx in Milwaukee:

In return we thank our Republicans in Milwaukee for their industry. Their circular contradicting the story reported by the pro slavery, that Milwaukee was all going for Hadley, did us much good, for it gave us new courage.

Our vote at the election confirmed all that was said, or promised in the circular.

The *Messenger* also says:

The *Sentinel* calls old Rock the banner county. Beg pardon, neighbor, but it belongs to Walworth, for according to our population we have outdone Rock, bravely as the battle was carried there.

We think both Rock and Walworth entitled to this honor; nor are Columbia, Marquette, Winnebago, Waushara or Waupaca, much, if at all behind. The "rural districts" of Wisconsin are nearly all "banner counties" this time.

NEW JERSEY.—The Republicans of New Jersey, as in Michigan, are taking prompt action to continue, extend and perfect their organization. This is as it should be, and we hope it will be done in every State.—*Detroit Tribune.*

It will be done everywhere. Let the Republicans of New Jersey, Pennsylvania and Indiana stand fast to their separate organizations, make no combinations, use facts and arguments to the people, and fight the battle of Freedom on principle, as it has been fought in other States, and they *must* be successful.

Marine Disasters.

The Chicago *Tribune* makes up the following list of vessels lost during this year, which might be largely increased. The bark J. V. Ayer must be added, and the "tug Hadley" omitted, having had no existence except in the person of the defeated member of Congress in this district:

Steamers.—British Empire and Queen, by collision; the Niagara, by fire; the City of Hamilton, ashore; the Mazeppa, sunk, Superior wrecked.

Propellers.—Louisville, Falcon and Tinto, by fire; Cuyahoga, Sandusky and St. Joseph, ashore; Toledo and the J. W. Brooks, foundered and gone to pieces.

Brigs.—Dorr and Hadley, sunk.

Barks.—F. C. Clark, A. L. Cobb, Ellen Gillmore ashore; and the Ellen Parker and Nebraska, by collision.

Schooners.—Wyandotte, Rival, Nile, Prati, St. Anthony, Home, Magnolia, Yankee, Gen. Taylor, Europe, Happy Go Lucky, Hamlet, J. W. Boss, J. F. Shaw, Sebastopol, Brand, Gen. Davis, Forwarder, Forrest Queen, Industry, Ocean, Alma, Kentucky, J. P. Hale, Pilgrim, Telegraph, S. A. Greene, sunk; making in all a total of 6 steamers, 8 propellers, 2 tugs, 5 brigs, and 27 schooners, which have proved a total loss.

The schooner *Advance*, bound to Oswego from Chicago, is missing and is supposed to be lost.

There is no longer any doubt but that the propellor Brooks was lost on Lake Ontario with all on board. Her crew consisted of 20 or 21 persons, and the following list of officers is all that we can obtain at the present time:

Captain.—Charles Hammond, of Cleveland, Ohio.

Clerk.—S. P. Bryant, Cleveland, Ohio.

First Engineer.—Wm. Blanchard, Avon, Ohio.

The Brooks was laden with a general cargo of rolling freight, consisting of flour, pork, lard, &c. She was owned by the Northern Transportation Company, and was insured $5,000 in the Cleveland Mutual, $2,500 in the North Western, of Oswego.

The Chicago *Press*, in relation to the loss of the steamer *Superior* at the Pictured Rocks, says:

The Pictured Rocks extend from ten to twelve miles along the shore, and are from 300 to 500 feet in height—a most frightful looking coast—That a single soul escaped in such a place, and in such a gale, is the only wonder.

The Superior was loaded principally with supplies for the miners—which of course will all be lost. To provide against this,—in case the surmises concerning her might prove true, Messrs. Spencer & Co., Mr. Hubbard, and others duplicated several orders for provisions for the mines, and sent them by the Lady Elgin, which left this port for Lake Superior on Thursday evening last. This will prevent the fears entertained by many, in regard to the miners being short of provisions during the winter, being realised.

The Superior was considered one of the best sea boats in the trade, and she has lived through many a storm, in which others—her equals—have been lost. She was valued at $50,000.—The owners are insured $5,000 in the Etna Insurance Company, and $5,000 in the Mercantile Fire and Marine Insurance Company, of Covington, Kentucky.

Col. Benton quoting Henry Clay on the Slavery Question.

However much Col. Benton, by his support of Buchanan, has puzzled those who have relied upon him as at heart opposed to the extension of Slavery, the old Senator has during the late campaign given from the wonderful storehouse of his memory of public affairs, many orations worthy of note, in relation to the opinions and sayings of the great men of the country upon the important subject which now agitates it. In a speech at St. Louis on the 20th, Col. Benton remarked as follows:

I say to you, fellow citizens, that one of the occasions in which I saw Henry Clay rise higher than I thought I ever saw him before, was when, in the debate on the admission of California, a dissolution was apprehended if slavery was not carried into this territory, where it never was—Then Mr. Clay, rising, loomed colossally in the Senate of the United States, as he rose declaring that for no earthly purpose, no earthly object, would he carry slavery into places where it did not exist before. (Cheers.) At the same time he would bare his breast against any infraction against the rights of slaveholders wherever it existed. (Long continued applause.)

It was a great and proud day for Mr. Clay towards the latter end of his life; and if an artist could have been there to catch his expression as he uttered that sentiment, with stretched on his face, and his countenance beaming with firmness of purpose, it would have been a glorious moment in which to transmit him to posterity—his countenance all alive and luminous with the ideas that beat in his bosom. (Loud applause, which interrupted the speaker.) That was a proud day. I could have wished that I had spoken the same words. I speak them now, telling you they were his, and adopting them as my own.

A REGISTRY LAW.—The Kenosha *Telegraph*, commenting upon the proposition to enact a Registry Law for this State, says:

This would be a very good law in the cities, but would be inconvenient and troublesome in the rural districts, and probably keep out more legal votes than it would illegal.

We think that it would have the like effect in cities. While offering no efficient protection against fraudulent voting, it might prove an obstacle to hundreds of legal voters, too busy, too thoughtless, or too indifferent to comply with its requirements before election day came round—A better remedy for the wrong complained of, as it seems to us, is to increase the penalties against illegal voting. Make it a State Prison offence to vote illegally, at any election, and a misdemeanour, punishable with fine and imprisonment, to attempt to vote without being entitled to that privilege. Fraud upon the Ballot Box is treason to the People and as well those who commit, as those who aid, abet, or counsel, this grave offence, ought to be punished severely, promptly and inexorably.

THE NEXT U. S. SENATOR FROM NEW YORK.—The Republican papers in New York very generally express a decided preference for PRESTON KING, as the next U. S. Senator from New York. The election takes place during the coming winter. Mr. KING resides in St. Lawrence County, an old democratic stronghold, which at the recent election gave FREMONT *eight thousand* majority over Buchanan and *nine* thousand over FILLMORE.

LA CROSSE & MIL. R. R.—The stock of this Company is again rising in Wall Street, having sold up to 81½ on Thursday last. The earnings of the road, for the first week in Nov. were $15,070.68. The road is now running to Fox Lake, and within 60 days will be completed to Portage City, the half-way house between Milwaukee and La Crosse and the point at which the two roads from Madison and from Columbus unite and take the Land Grant route to St. Croix and Superior.

THE RESULT IN OUR STATE.—We give elsewhere the official vote in the counties of Portage, Dodge, Ozaukee, Sheboygan and Waushara. Adding these figures in our table, it leaves Fremont's vote and majorities 50,748, Buchanan's 38,016—Fremont's majority so far 12,732.

SHEBOYGAN COUNTY—OFFICIAL.—The Evergreen City *Times* brings us the following official figures for Sheboygan County:

Electors—Fremont 1891, Buchanan 1922, Fillmore 15.

Congress—Billinghurst 1843, Hobart 1966.

Senator—Giddings 1894, Cook 1911.

Assembly—1st Dist.—Williams 466, Mason 640.

2d District—Grove 764, Aotchkies 773.

3d Dist.—Stone 688, Winter 473.

This is close work in what used to be a strong democratic county. On Electors, we are beaten only 31, and on Senator only 17. One more pull, friends in Sheboygan, and your county will be redeemed.

OZAUKEE COUNTY—OFFICIAL.—The Ozaukee *Advertiser* gives the following as the official result in that County:

Electors—Fremont 860, Buchanan 2032.

Congress—Billinghurst 859, Hobart 2032.

The independent democratic candidates for Senator and County Officers are elected over the "regular" dems, by considerable majorities, at which result the *Advertiser* scolds "awful."

Waushara County—Official.

We give the aggregate vote for the several officers, as declared by the Board of Canvassers to-day.

Fremont, 1292, Buchanan 215, Fillmore 6.—Fremont's maj. 1077.

Billinghurst 1279, Hobart 224—Billinghurst's maj. 1055.—*Waushara Jour.*

WAUPACCA COUNTY.—Following the fashions set last year, they have had two separate canvasses in Waupaca County. Six of the towns sent in their returns to Weyauwega. They gave 307 majority for FREMONT. The other returns were made to Waupaca. They doubtless increase FREMONT'S majority in the County to 800, or 100.

DODGE COUNTY—OFFICIAL.—The official vote in Dodge County stands as follows:

Electors—Fremont 3455, Buchanan 2784—majority for Fremont, 671.

Congress—Billinghurst 3469, Hobart 2792—majority for Billinghurst, 677.

FARMERS' AND MILLERS' BANK.—The N. Y. *Tribune*, of Tuesday, in its money article, has the following complimentary notice of one of our city banks:

The FARMERS' and MILLERS' Bank at Milwaukee is increasing its capital from $250,000 to $500,000. The list of the stockholders in this Bank embraces some well-known Eastern bankers and capitalists. This increase of actual banking capital at so important a point as Milwaukee, indicates the growing prosperity of that place. The management of the Bank is in good hands, and will afford a reliable medium through which eastern banks and bankers, who have not already established relations, may have their collections and banking business satisfactorily done in Wisconsin.

GROWTH OF ELKHORN.—During the past season the village of Elkhorn has greatly increased in prosperity. One of the surest signs of this is the number of new buildings erected, and now in process of building. From a survey and count from the roof of Squire Lee's brick block it appears that the number of buildings put up since last fall, including dwellings, blocks, stores, shops, &c., is sixty one. Probably if a higher elevation could be had, so that all could be seen, the number might be enlarged; but this is pretty well, considering that every one of them is occupied. The signs of the times indicate that the next year will be one of still greater activity and prosperity in Elkhorn.—*Independent.*

THE BANNER DISTRICT.—The Mineral Point *Tribune*, in speaking of the Republican victory achieved in this State, says:

"In accomplishing this result, we are proud that the West—the noble West—is entitled to much credit. More than two-thirds of the Republican majority comes from this Congressional district; and while we accord to the first and third districts much credit for their noble and successful efforts, we claim for the second the banner, in view of the greatly increased majority for honest and her competent Representative."

Honor to the Republicans of Milwaukee.

The Republicans of Milwaukee got a larger vote for Judge Potter in that city, than they were able to get for the Republican electors. This shows that the Republicans of that city held their principles and their plighted faith to the nominees above their local interests, and not only scatters the suspicions entertained before election of their faithfulness, but also inspires a confidence for the future, which we hope, as we believe, will never be shaken. Honor to the Republicans of Milwaukee.—*Kenosha Telegraph.*

A SERIOUS FRACAS.—We understand that some six or eight Irishmen went to the Charlton House, near the Depot, on Wednesday evening, to settle an old standing grudge which the keeper and one of the boarders. In the fracas one man was shot, and we understand has since died. The cause and circumstances are not certainly known to us, and we forbear commenting further till we are correctly informed.—*Beaver Dam Rep.*

TWO BROTHERS IN THE NEXT LEGISLATURE.—We notice that two brothers, Mr. E. S. Hawley, of Waukesha Co., and Mr. Geo. Hawley, of Waushara Co.—brothers of the Rev. S. Hawley, of this city—are elected to the next Legislature.—They are both staunch Republicans.—*Fond du Lac Commonwealth.*

☞ Our Milwaukee brothers did gloriously at the late election. They worked against powerful odds and are entitled to great credit for their efficiency.—*Beloit Journal.*

Portage City and Its Prospects—the Improvement.

The Portage City *Badger State* has a long by article on the condition and prospects of that town, from which it argues a very rapid and at the same time, substantial growth hence forward. The railroad connections sure to be made very soon, are dwelt upon with force, but the *Badger State* seems to regard as more important the water communication, *via* the Canal at Portage, between the Mississippi and Lake Michigan. We copy below a portion of the article referred to, showing the work to be done on the Improvement from the north end to Portage City.

The early completion of the improvement of the Fox river from this city to Green Bay, is guaranteed by the private reputation of Ex-Gov. Seymour, Erastus Corning and their associates, backed by the security of half a million dollars, which they will forfeit in case of a failure to accomplish it within one year from next October. When completed, steamboats thirty-three feet wide and 110 feet in length, drawing from three to three and a half feet of water, can navigate the entire route at the lowest stage of water—a better line of navigation than is furnished by the Mississippi river, between St. Louis and St. Paul. The estimate of the cost of completing the improvement, according to the plan recommended by the Engineer, is as follows:

The English Farm Yard.

The above is the title of a picture, a faint idea of which never found its way from "Merrie England" to our busy mart. It is the production of J. F. Herring, Sen., and Fund.

The subject is "The English Farm Yard," a companion to "The Homestead," which many of our readers will recollect. It is one of those quiet, homelike scenes, which are only to be found in England. On the right stands the old barn, somewhat antiquated, to be sure, but that is the charm of it; the roof is thatched, and green moss is fastening its tiny roots upon the rafters. Near the entrance stand a couple of cows, an Alderney and a Surrey. You can tell the breed at a glance, for the painter has carefully depicted with the brush the distinctions between the two. Leaning gently against the alderney stands the milk maid, with her pail at her feet, and a noble dog gazing watchfully up at her. She is talking with the game keeper, who is leaning against the fence. What they are talking about can be easily guessed. You can read it in the beautiful honey face of the maid, and the half anxious, half careless countenance of the game keeper. The dog seems to understand it, and is anxiously waiting her reply. The two figures are by Faed, and are from life, being portraits of Herring's son and daughter. In the foreground are a brood of hens. One white one with her head under her wings, another one picking her feathers, and a noble looking chanticleer, who standeas proudly erect as the Czar himself—Wo to any foreign intruder who invades his domain or insults any of the ladies of his household.

To the left of the picture stand a group of horses. The first one that meets your eye is a noble bay; one of those immense Flemish built horses used for draught, slow but powerful. Next him stands a beautiful grey. But he does not look so powerful. The fellocks have been shorn of the long shaggy hair which you see on the bay. Next and to the extreme left there is an old black horse, thirty years old at least. See how stiff his knee joints are. But he is kept for the good he has done. He has seen some glorious days at Derby and Epsom, and has brought home the cup many a time when his now stiffened limbs were fleeter than the arrow. There is one animal we had almost forgotten to mention, the despised of the Nazerene, the animal into whom the evil spirit was driven in the days of old, and who has persisted in going the wrong way ever since; in fine, the hog. Noble fat fellows of the Berkshire breed, sniffling husks as greedily as did those in the days of the prodigal son. In the background is the old house, a long dim stretch of woods with an opening, where you can see many a mile, a colt already for a run, and an old blind horse. You can see it by the turn of his head. A glorious sky in the back ground; great white fleecy clouds lazily floating and growing darker as they near the horizon. You can catch glimpses of blue sky here and there, little patches that look "as violets would upon a snow bank."

Such is this great and beautiful picture. It is for sale, and valued at $2,000. Every one cannot have it, but every one can have an engraving of it; not a rough, wood engraving, but one of the softest and most beautiful mezzotints of Patterson's, to whom Messrs. Williams, Stevens, Williams & Co., have entrusted the task of engraving it.

The exhibition commences to-day. Let every one see it. Its beauties cannot be adequately described on paper, but must be seen. Every thing in it is painted from life, and each shows the touches of an artist who has no rival but Landseer.—*Chicago Journal.*

IMPORTANT FROM ENGLAND.—Private letters, received in this city from the Hon. George M. Dallas, United States Minister to the Court of St. James, by his confidential friends, convey the important intelligence that he has succeeded in negotiating a treaty between the United States and England, which covers and settles all the points in dispute between the two countries. It has been the earnest desire of President Pierce and Secretary Marcy to accomplish this difficult task before retiring from office, so that all possible troubles might be smoothed away for the incoming administration. The instructions given to Mr. Dallas, when he entered upon his mission, have been zealously acted up to by him, and the result has been most happy, as above noted.

PRINTERS AND PARAGOXES.—A printer, says Oliver, is the most curious being living. He may have a *bank* and *coin*, and not worth a cent; have *small caps*, and neither wife nor children. Others may run fast, but he gets along swifter by *setting fast*. He may be making *impressions*, without eloquence; may use the *lye* without offending, and be telling the truth, while others cannot *stand* while they *set*, he can *set standing*, and do both at the same time; have to use *furniture*, and yet have no dwelling; may make and put away *pi*, and never see a pie, much less eat it during his whole life; be a human being and a *rat* at the same time; may *press* a great deal and not ask a favor; may handle a *shooting iron*, and know nothing about a cannon, gun or pistol; he may move the *lever* that moves the world, and yet be as far from moving the globe as a hog under a molehill; spread *sheets*, without being a housewife; he may lay his *form* on a bed, and yet be obliged to sleep on the floor; he may use the *dagger* without shedding blood, and live in the earth he may handle *starts*; he may be of a *rolling* disposition, and yet never desire to travel; he may have a *sheep's foot*, and not be deformed; never without a *case*, and know nothing of law or physic; be always *correcting* his *errors*, and be growing worse every day; have *on-brace*, with out ever having the arms of a lass thrown around him; have his *form locked* up, and at the same time be free from jail, watch-house, or any other confinement; his office may have a *bell* in it and not be a bad place after all; he might be plagued by the *devil*, and be a Christian of the best kind; and what is stranger still, be honest or dishonest, rich poor, drunk or sober, industrious or lazy, he always *stands up* to his business.

PRESBYTERIAN CHURCH.—The Installation of Rev. WM. L. GREENE, as Pastor of this church took place last evening. Though the evening was an unpleasant one, the church was well filled. Rev. Mr. BUCHANAN, of Milwaukee, in an able address gave the charge to the Pastor, and Rev. Messrs. DONALD and FOX the other charge to the people. We notice that this church is now in a prosperous condition. The church has lately been lighted with gas—a new furnace introduced making the building warm in the most severe weather. The Rev. Mr. GREENE the Pastor elect of the church is a gentleman of superior talent.—*Madison Journal.*

The Montreal Celebration.

MONTREAL, Tuesday night.

The whole city is alive with preparations for the coming celebration. During the last few days visitors have been arriving from all parts of Canada and the New England States; and last night, five or six hundred, who came by the Grand Trunk from Toronto and the West, exhausted all the ordinary accommodations of the city. To-day, the arrivals from the United States, and by the accommodation train from the West, have been very numerous, and it is feared that the travellers from Toronto to night will come off badly. A great city is like a carpet bag, however; there is no saying how much it will hold till it is tried, and the citizens are and have been most hospitable. Ex-President Fillmore is the chief visitor as yet announced. He is the guest of L. H. Holton, Esq., M. P. P. Other distinguished visitors from Boston and Portland are expected. The banquet to-morrow is to be a tremendous affair. Tables have been laid in one of the Grand Trunk workshops for five thousand persons, and the other preparations are on the most extensive scale. The ball takes place in the great Bonsecours Hall, which it is feared, however, will prove far too small for the purpose. A great procession of the trades is in preparation. Machinery of all kinds is to be drawn through the streets in operation, accompanied by the handicraftsmen. A torchlight procession and a visit to the Victoria Bridge, are among the other entertainments.—*Toronto Globe*, Nov. 12.

EAU CLAIRE.—This new town on the Chippewa, is pushing on rapidly. Some twenty good dwellings and stores have been put up since May last, on the east side of the river, and seven or eight on the west. The town has now the appearance of a smart little village with go-a-head men to back it. At present they are in great need of Mechanics and trades-people—particularly a Shoe-maker and Barber. The country about is finely diversified with streams, timber, prairie, and oak openings, and is without exception, the handsomest in the north west part of the State.—*La Crosse Democrat.*

A GOOD SHOT.—A Virginian correspondent of the Wheeling *Intelligencer*, in noticing the article in the Charleston Standard, which advocates the opening of the African Slave Trade, says he is "opposed to the removal of the unfortunate children of Africa from their native country, where the pious missionary of the Cross is permitted to open up to them the way of salvation, by teaching them to read the word of God to Virginia, where that labor of Christian duty is prohibited under heavy penalties."

BARLEY and RYE—no change.

OATS—active demand for home use at 38@40.

POTATOES—good supply at 50c.

PORK still dull—live hogs sold at $4,25—dressed do $5@5,50. Mess pork $15@16, with a good demand for the lumber trade.

Shipped about 5,000 bbls flour, and 50,000 bus wheat, on Saturday.

Chicago Market.

CHICAGO, Nov. 15.

Market dull, and no transactions recorded on 'change. Freights are nominally lower; 18c for corn to Buffalo and 14c for wheat, would probably be fair quotations. A large number of vessels arrived to-day. The exports of Wheat and Corn together, amounted to 163,161 bus.

WHEAT.—Sales of 7,000 bus spring at 92c on board; 9,000 bu at 92c on board, and 6,800 bu spring at 90c on board; many at closes dull at the latter figure. Sales of 6,000 bu red winter at $1 on board, and 2,000 bu at $1 in store. White winter is nominally $1,05@1,10, but there is none in the market.

OATS—Sales at 40c on board.

CORN—Sales of small lots at 35c on board.

HOGS—A great many in market and dull sale. Most of our packers refuse to give over $4,87 live weight. A lot of 5,000 was offered at that figure.—*Tribune.*

M. & M. R. SINKING FUND.—The New York *Tribune*, of Monday last, in its money article, says: The United States Trust Company has purchased $60,000 of the Milwaukee and Mississippi Railroad Company's First Mortgage Bonds for the Sinking Fund of that Company.

MILWAUKEE & HORICON R. BONDS.—At Nicolay's Auction on Wall street, on Tuesday last, $10,000 of Milwaukee & Horicon R. R. bonds sold at 72½. The better this road is known, the more will its stock and bonds grow in favor with capitalists.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

William Casey, disorderly, fined $10
Jacob Hottman obstructing sidewalk, fined $1.
Bridget Regan, charged with assault and battery upon Patrick Regan, her husband, dismissed at complainant's costs.

ATTEMPT AT RESCUE—MAD SHOT.—Yesterday afternoon about 3 P. M., a man was arrested in the Fifth Ward, for disorderly conduct, and put in charge of Policeman Meyer, to be conveyed to the watch-house. As the officer and his prisoner were on their way, the carriage in which they were riding was attacked by six or eight men, the driver beaten, the officer overpowered, and the prisoner rescued. Hereupon a number of persons in the street, and several officers, came to the help of Meyer, re-captured the prisoner and drove off his rescuers.—One of them, an Irishman, named MICHAEL POTTALL, was pursued by officers Haack and Smith, into the Third Ward. They followed him through a house into a yard, where he picked up an axe and defied the officers. Smith told him to drop the axe, or he would shoot him; and on Pottall's persisting in his threatening attitude, and knocking one of the officers down with the axe, Smith drew his revolver and shot him. The wound was serious one, and Pottall was sent up to the Hospital immediately.—One or two of the officers were more or less hurt in the *fracas*.

P. S.—We learned last night that Pottall was likely to die of his wound, and that officer Burns had surrendered himself, and was in custody of the Sheriff.

Also, for grading Elizabeth street, from Clinton to South.

Also, for grading streets and filling lots to abate nuisance, heretofore ordered, where the same has not been done.

CONCERT AND BALL AT YOUNG'S HALL.—A very attractive entertainment is offered at Young's Hall *this* evening. It is the anniversary of the Milwaukee Amateur Saengerbund and is to be celebrated by a Concert and Ball. The programme will be found in our advertising columns. The Glee Club of Engine Co. No. 1, in Firemen's costume, will assist in the performance. The whole will be under direction of Professor BIEDENHAHN. There will, no doubt, be a crowd to hear the music and join in the dance.

SAILORS ARRESTED.—Three sailors, a little "sprung," went into a Clothing Store, on East Water St., yesterday afternoon, picked out some articles and started off without manifesting any intention to pay for them.—On the proprietor remonstrating against their conduct, they knocked him down and otherwise maltreated him. Hereupon the aid of the Police was invoked, and, after a sharp struggle, the sailors were overpowered and carried to the Police Station.

NARROW ESCAPE.—The hat and cap store of Milenix Brothers, ——— street, narrowly escaped destruction by fire, early Saturday morning. Through a defect in the chimney fire had communicated to the ceiling, and had already burned a large hole therein, when the flames were fortunately discovered by private watchman Peter Lahti, and extinguished without loss to the stock, or building.

FEMALE PEDESTRIANISM.—MRS. BENTLY, who claims to be the greatest female pedestrian now living will perform the laborious feat of walking 10 consecutive hours without food or rest, at Concert Hall, in this city, during the present week. She will commence the task a 4 P. M. Friday, and conclude it at 10 P. M. Saturday.—A band of music will be in attendance.

FIREMEN'S BALL.—Fillmore Engine Company No. 6, will "open the ball" for the winter campaign, on Monday evening next, at Youngs' Hall. They anticipate a lively and pleasant time.

MILITARY.—The City Dragoons, Capt. BASS, celebrate their anniversary to-day, by a parade in the afternoon, and a ball in the evening, at Vogt'sgang's Republican House

EXCURSION TO RIPON.—The opening of the Milwaukee and Horicon R. R. to Ripon, Fond du Lac county, is to be duly celebrated to morrow. A number of our citizens will take the excursion train in the morning, returning the same night, or the next morning.

Meantime, they offer tempting bargains to purchasers in their handsome and well-filled store, No. 160 East Water Street (U. S. Block.)

LETTER FOUND.—A letter was picked up in the street on Saturday, supposed to have been intended for the post office, addressed to a mercantile house in England, and containing an enclosure. The owner can obtain it by calling on Mr. C. JASSAUT, at the M. & M. R. R. Co's smoking shop.

SHINING.—One of the comic features of business is borrowing money to meet notes or other imperative obligations—technically called "shinning." The person who is compelled to resort to this unpleasant alternative is to be pitied. So is the person who is afflicted with any disease of the stomach, intestines or liver. Borrowing money will relieve the former temporarily—Herrick's Sugar Coated Pills will relieve the latter permanently. Now is the time to use Herrick's Pills. GREAT SALE OF LOTS
IN THE CITY OF
PORTAGE,
On the 18th day of December, 1856.

THE principal real estate owners in the city of Portage, have made arrangements for a general sale of Lots in said city, at the time above named. Over one thousand lots will be offered, situated in the parts of the city. A liberal credit will be given for a part of the purchase money, if desired.

It is believed that the great advantages of this point are understood among the business men of the State.—The La Crosse Railroad is now running to within 20 miles of here, and will be completed to this city early in January next. The land grant imposed of by the last Legislature secures the completion of a railroad from Madison, and another from Columbus to this city, within two years, and from thence through the Northwestern part of the State to Lake St. Croix, and Lake Superior. Doubtless the able and energetic company who have this work in charge, will push it forward to completion with all possible despatch. The long delayed Fox and Wisconsin River Improvement is now certain of being completed immediately, making a perfect navigation for vessels drawing 3½ feet of water, from Portage to the Wisconsin River, through the canal at this place. The act of the last Legislature takes good security, for this. The commercial advantages and prospects of Portage are unequalled by any town in the interior of the State, and it has no rival. The site is high, healthy and pleasant, and surrounded by beautiful scenery. The city has grown rapidly, with a healthy and natural growth, and it will soon receive a new and powerful impetus. Real estate is still comparatively low. There never has been any attempt to inflate prices or speculate to a ruinous extent. An opportunity is now offered to obtain property here on the most favorable terms. Let no enterprising man disregard it.

Or O. G. MCCULLOUGH.

L. STANTON & CO.

City Auction Room.

I HAVE this day sold out all my Auction and Commission business to L. Stanton & Co., who will continue the business at the same stand, corner of East Water and Wisconsin streets. They are young men who come highly recommended and can be endorse with sufficient capital to carry on the Auction and Commission business to any extent. I would therefore recommend them, believing that they will conduct their business honorably. I have consented and made arrangements with them, if not otherwise engaged, to sell any large stock of goods or furniture for them; I could therefore say to my friends that have any goods or furniture, if they prefer to make an arrangement with me for the selling of such, it can be done.

I still continue to keep my Land Office and Real Estate business at the same stand, and will now be able to pay more attention to it than I have heretofore done. In a short time, as soon as I can get a suitable room, I intend to open a Real Estate Auction Room.

CALEB WALL.
Milwaukee, Nov. 1st, 1856. nov14

We have this day purchased from Caleb Wall all his Auction and Commission business, so far as it relates to Goods, Wares and Merchandize, and are prepared to do the business and make advances upon the same terms Mr. Wall did. We have also made arrangements with Mr. Wall to do the selling at auction for us. Any references wanted, shall be given satisfactorily, and we solicit a liberal patronage of his old customers and the public generally.

The business will hereafter be conducted under the firm of L. Stanton & Co., Successors to Caleb Wall.
